SUMMARY

Results-driven Web Developer with expertise in front-end and back-end technologies, including React.js, C#, .NET, and MySQL. Passionate about building scalable web applications and optimizing user experiences. Skilled in state management using Redux and MobX, with a strong foundation in JavaScript, jQuery, and Bootstrap. Adept at problem-solving and continuously learning new technologies to stay ahead in the industry.

EDUCATION

BS in Information Technology   2020 - 2024
Govt Sadiq College Women University bahawalpur   Bahawalpur, Pakistan

GPA | **3.9** / 4.0

EXPERIENCE

Freelance Web Developer

Developed and deployed multiple responsive websites using React.js, Next.js, and .net.
- Designed and implemented dynamic features with JavaScript and state management libraries like Redux and MobX.
- Created and maintained MySQL databases, ensuring smooth data management.
- Optimized website performance and SEO for improved user engagement and search rankings.

PROJECTS

E-Commerce Website

Developed a full-fledged e-commerce platform using React.js for the front-end and .NET for the back-end.
- Implemented a secure user authentication system and payment gateway integration.
- Designed an intuitive and responsive UI for a seamless shopping experience.
- Optimized database performance and backend functionality using .NET and MySQL.

IPTV Subscription Website

Built a complete static website for IPTV services with engaging UI and seamless navigation.
- Implemented a JavaScript-based smooth carousel and an off-canvas dropdown menu.
- Developed a blog section with a C# backend for uploading and managing articles.
- Enhanced SEO to improve search engine visibility.

CERTIFICATION

Web Development & Front-End Technologies

An in-depth course from Fa Professional Freedom covering web technologies (React.js & Next.js).

Back-End Development with C# & .NET

Gained expertise in full-stack development with C#, ASP.NET, .NET, and Entity Framework.
